Professional Experience/Areas of Expertise

Professional experience

Ian is dual qualified as a lawyer (English solicitor) and professional engineer with over 20 years' experience in industry or private practice. His specialism is major international engineering projects, including all forms of engineering and construction contract, operations and maintenance, public procurement, long term supply agreements and concessions.

Areas of expertise

Industry sectors include oil & gas, petrochemical, power, water, building construction, transport infrastructure, manufacturing, defence, shipbuilding, aviation and district cooling.

Arbitration Experience

15 years experience in international arbitration in private legal practice, both as arbitrator and counsel. Recent examples:

- Tribunal chair, international construction arbitration seated in Abu Dhabi under ADCCAC Rules. Case 33/2015. Amount in dispute: approx. USD 50m.
- Co-arbitrator, international utility infrastructure arbitration seated in Dubai under ad hoc rules. Amount in dispute: approx. USD 120m.
- Sole arbitrator in DIAC arbitrations seated in Dubai: Cases 353/2010, 22/2011, 211/2011, 232/2011, 191/2013, 205/2013 and 65/2014. Six of these were international.
- Counsel, international construction arbitration seated in Abu Dhabi under ICC Rules. Case 21520/CYK. Amount in dispute: approx. USD 200m (claim + counterclaim).
- Counsel, international transport infrastructure arbitration seated in Dubai under ad hoc rules. Amount in dispute: approx. USD 300m.
- Counsel, international petrochemical arbitration seated in London under LCIA rules. Case 142859. Amount in dispute: approx. USD 30m.
- Counsel, international offshore oil and gas dispute seated in Dubai under ICC rules.

2009 – present: Course Director and Chief Assessor, Chartered Institute of Arbitrators – Accelerated Fellowship and Accelerated Membership assessment centers in the Middle East.

Publications

MF/1 standard form contract for electrical / mechanical plant, published jointly by the Institution of Engineering & Technology and the Institution of Mechanical Engineers. Ian was a drafting panel member and the lead author for the latest Revision 6, which included revised international arbitration provisions.
