### **Professional Experience**

Shanti has a broad commercial practice, representing clients in commercial litigation and arbitration, both domestic and international. She acts as counsel and arbitrator, and represents parties in arbitrations held domestically and internationally under the Rules of the AIAC, SIAC, ICC and UNCITRAL. Her experience covers a wide range of disputes including banking, commercial and corporate, and technology related disputes. She regularly acts for banks, regulatory bodies and corporations in relation to consumer protection, data protection and privacy, defamation, entertainment, multimedia and communications dispute matters. Shanti also has experience in the area of competition and antitrust laws, and offers advisory services, compliance audits and legal representation in competition law investigations and disputes. Specific industries she has represented in her competition practice include the pharmaceutical, insurance, energy, travel, banking, automotive, entertainment and retail sectors. Shanti advises on regulatory compliance and activities coming under the purview of various authorities including the Securities Commission, the Anti-Corruption Commission and the Communications and Multimedia Commission. She has been recognised by Chambers Asia Pacific, the Legal 500 Asia Pacific and the Expert Guide

### **Arbitration Experience**

Shanti has appeared as Counsel and arbitrator in a wide range of disputes relating to various industries. These include multimedia and communications, steel manufacture, hotel, pharmaceutical, marketing and distribution, supply and development of vehicles. Her experience includes disputes relating to a steel plant, a digital broadcasting system, a concession agreement for the supply of pharmaceutical products, a district cooling plant, a concession agreement relating to an integrated complex, a cellular blocking service, a warehouse management and logistics coordination agreement, an integrated tourist resort, a car tracking system, the design and construction of residential homes for public servants, the supply of resources for an automated enforcement system, distributorship agreements, a hotel management project, a software trading system, consultancy services for the procurement of oil and gas projects, scholarship training programmes, joint venture disputes, warranty disputes, sale of business, contracts for services.
